

# HUSSAM ABDUL RAHIM SOOMRO

Doha, Qatar • +974-66643913 • hussamsoomro02@gmail.com

---

## SUMMARY

Currently enrolled in a bachelor's program in computer science with a foundation in mechanical engineering. A solid understanding of computer science programs and strong analytical skills are demonstrated, enabling a unique technical perspective. Contributions are effectively made to diverse technological projects through a combination of computational and engineering knowledge.

---

## WORK EXPERIENCE

### Engineering Intern , HinoPak Limited

Aug 2024 - Sep 2024

- Conducted detailed inspections of vehicles and components within the QA department, applying mechanical engineering principles to assess quality and ensure compliance with safety standards.
- Gained hands-on experience with torque testing and fastener integrity checks, enhancing technical accuracy and attention to detail for quality assurance in engineering applications.

### Engineering Intern, Pakistan Petroleum Limited

Feb 2024 - Mar 2024

- Conducted thorough equipment inspections, ensuring compliance with industry standards and contributing to the overall reliability of operations.
- Collaborated closely with seasoned engineers, gaining invaluable hands-on experience in the complex and dynamic environment of the oil and gas industry, while honing essential skills for future professional endeavors.

### Web Developer, Freelance

Jan 2020 - Aug 2021

- Developed a visually appealing and user-friendly website using HTML, CSS, and JavaScript, ensuring seamless navigation across devices.
  - Integrated MySQL database for efficient data management, enabling the storage and retrieval of event-related information.
- 

## EDUCATION

### Bachelors of Science in Computer Science

Sep 2024 - Sep 2028

Liverpool John Moores University

### Diploma in Computer Information Technology

Aug 2021 - Aug 2024

Govt. Monotechnic Institute, Shahdadpur

- Relevant coursework in networking, programming, and database management, providing foundational skills for technical roles in IT.
- 

## ADDITIONAL INFORMATION

- **Technical Skills:** Troubleshooting, Project Management, FEA, CAD
- **Languages:** English, Urdu, Hindi
- **Certifications:** Certified Graphics Designer, Digiskills
- **Awards/Activities:** IKLC Award Got 4th position at district level, Awarded "Best Photographer" by the Chairman of Polymer Department, NEDUET
